ORDER

The Electronic Frontier Foundation’s motion to unseal portions of the record, Dkt. No. 111, is granted in part. The parties to the lawsuit have submitted redacted versions of the documents, *see* Dkt. Nos. 121 and 122, and it appears that these submissions have satisfied the Electronic Frontier Foundation’s request.

SIGNED this 22nd day of November, 2017.
