Case No. 1:25-cv-01237-DLC

**DECLARATION OF SOMMATTIE RAMRUP IN SUPPORT OF PLAINTIFFS’ MOTION  
FOR TEMPORARY RESTRAINING ORDER**

I, Sommattie Ramrup, declare as follows:

1. I am over 18 years of age and competent to give this declaration. This declaration is based on my personal knowledge, information, and belief.

2. I am the President of the Association of Administrative Law Judges (AALJ), a labor organization and unincorporated association that represents approximately 910 Administrative Law Judges engaged in adjudication at the Social Security Administration (SSA). AALJ represents members residing throughout the United States. I am also a member of AALJ.

3. AALJ has members who, by nature of their employment with the federal government, have highly sensitive personal and employment information of themselves, family members and close associates stored by the U.S. Office of Personnel Management.

4. AALJ is a named Plaintiff in this action. The statements made in this declaration are based on my personal knowledge, materials I have reviewed, and information made available to me.

5. I am a current federal employee and have been employed by SSA for 24 years. For the last 8 years, my position has been as an SSA Administrative Law Judge. The Office of Personnel Management manages the human resources and personnel policies for the federal government. As such, it maintains personnel records for all federal employees, including my own employment records and those of all AALJ members.

6. Like many members of AALJ, I am very concerned about the security of my information in OPM's databases. Many Administrative Law Judges have been the target of threats for actions we take in our official capacities. I am personally aware of these threats because AALJ maintains records of the threats when SSA provides notice to AALJ of a threat against an administrative law judge or hearing office.

7. Because administrative law judges face threats of violence from the public, AALJ has requested that SSA pay for privacy protection software. SSA has refused. AALJ has also lobbied Congress to include administrative law judges in legislation related to judicial security.

8. Having the personal addresses and other information about administrative law judges, family members and close associates at risk of being accessed by bad actors increases our threat risk and makes us, our family members, and our close associates more vulnerable.

9. My fundamental right to privacy was violated when OPM disclosed my records to DOGE without my consent.

10. Likewise, the fundamental right to privacy of AALJ's members was violated when OPM disclosed their records to DOGE without their consent.

11. Members of AALJ and I also fear that DOGE could use improperly disclosed records to retaliate against us.

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct. Executed on February 14, 2025.

Somnattie Ramrup  
President  
Association of Administrative Law Judges  
New York, NY
