Also, I assume that we are using these emergency letters in emergencies, only? And is there some way we can keep track of these? As I think I mentioned in a previous email, there is an argument that these are analogous to emergency disclosure letters that are provided for in ECPA, 2702 letters, for which we have to report to Congress.

Thanks, [redacted]

I am not sure if I followed up on this. Can I see the language that we are using at this point in the body of our NSLs to these carriers? Per the below [redacted]
