Dear Sirs:

We have received your letter concerning the assignment of NDTK02 for assignment to Defense Technologies, Inc. Kestrel-T, serial number 002.

U.S. registration numbers are made up of from one to five symbols, the last two of which may be alphabetical, the first digit must be numeric, a zero never precedes the first number, and the letters "I" and "O" are not used. The registration number you requested is not a valid number. If you have additional choices, please list them below:

A number of your choice may be reserved, if available, for one year by sending a written request and a \$10 fee for each number to be reserved. The reservation may be renewed from year to year by paying a \$10 renewal fee before the end of that period.

Please list your choices in order of preference in the space provided below. The availability of these numbers will be determined and you will be notified.

Choices: Next Available

You may also request the first available number for your aircraft free of charge if you choose not to reserve a special registration number.

If you require further assistance, please contact the Aircraft Registration Branch at (405) 954-4206 or toll free 1-866-704-4715.
