

29 November 2010

Unmanned Aircraft Systems Office
Federal Aviation Administration
800 Independence Ave, SW
Washington, DC 20591

Gentlemen,

As Flight Test Director, I am responsible for the airworthiness of the UAVs being tested and personally verify their condition and maintenance as well as flight test plans and procedures. This COA application 2010-ESA-26-COA for the CropCam UAS has been reviewed on behalf of the program team in accordance with MIL-HDBK-516 and has the CropCam UAS been determined to be airworthy for operation as specified in this application.

In addition to following MIL-HDBK-516, we employ a risk management plan and a comprehensive preflight inspection process to ensure the CropCam airworthiness.

As Flight Test Director, I am the responsible reviewing authority for determining CropCam UAS airworthiness. If you have any questions, please feel free to contact me via telephone or email.

Sincerely,

(b) (6)
