

Federal Aviation Administration

Memorandum

Date: November 24, 2009

To: Manager, System Support Group, Central Service Area

Ardyth Williams

From: Ardyth Williams
Air Traffic Manager, Unmanned Aircraft Systems

Prepared by: Steve Pansky

Subject: Certificate of Waiver or Authorization (COA) Suspension 2008-CSA-61-COA

We have been notified by the North Little Rock Police Department that they have discontinued flight operations of the Rotomotion SR-30 Unmanned Aircraft System (2008-CSA-61-COA) due to an aircraft incident. Their intentions are to not fly the system until the AFCS hardware is replaced and that no further flights will be conducted under this COA in 2009.

Would you please notify the Sponsor that we will need to be notified at least two weeks prior to the continuation of Flight operations so an analysis of the accident can be completed and a determination can be made that safe flight is possible.

Should you have any questions, my point of contact is Mr. Steve Pansky, he can be reached at (775)-815-3606 or via email at Steve.ctr.Pansky@faa.gov.
