Hi [Redacted]

The Top 4 initiatives are below. I've also included brief 2-3 sentence explanations of them. If they need to be shorter, you can cut out the italicized part. Let me know if you need more.

Going Dark: A five-prong strategic approach to address the lawful "intercept capability gap," (*the eroding of lawful intercept (LI) due to the proliferation of communications methods*) in support of the community of ELSUR stakeholders to include 1) modernization /amendment of existing laws, 2) enhancing authorities to protect industry proprietary and LE sensitive lawful intercept information, equipment and techniques , 3) enhancing LE agencies' coordination leveraging technical expertise of FBI with other LE entities, 4) enhancing lawful intercept cooperation between the communications industry and LEAs with a "One Voice" approach, and 5) seeking new federal funding to bolster lawful intercept capabilities.

Mr. Marcus,

I work in OCA and am preparing the Director's briefing material for his upcoming appearance before the Senate Appropriations Subcommittee on Commerce, Justice, Science and Related Agencies on June 4, 2009. It has come to OCA's attention that questions will be posed on the topic of Going Dark in both the closed and open hearing sessions.

AD Powers advised he recently met with you on Going Dark and requested that I send this directly to you for review. Therefore, attached paper is a Question and Answer format that I believe covers the potential areas on this topic. Could you please review the paper and edit for changes? Also, the Director prefers concise and brief answers to the questions. The answer to the last question on page 2 is rather lengthy. Could this be condensed to a shorter answer? In addition, please feel free to add any other additional questions you deem necessary.

<< File: OTD-GoingDarkDoc 1_14_09 (3).doc >>
I apologize for requesting a short deadline, but I will need this paper returned by 2:30 today.

Thank you for your assistance on this matter,

We're shooting to have the data on slides good as of Aug 31st. How's by September 9th to send it to me? If you want to send all the required data I can update the slides/timeline. Or if it's easier to do the slides on your own that's fine too of course.

Louis,

If this works for you, we've worked this out this way. CIU has a meeting/briefing from RAND, who we commissioned to look at going dark, on 9/3. I'd like to wait till past that meeting to complete the slide updates and get them to the Branch by noon 9/8 (probably on 9/5 provided Marcus is here to approve.) [redacted] has indicated that he ok with getting them on 9/9 which will give you time to review them before passing them on to him. Sound ok?

Mr. Grever,

As promised in [redacted] email below, attached is an updated Going Dark slide for your review before forwarding to [redacted] RPO.

AD Thomas - DAD Cook reviewed this today, however, he thought you may want to review it before we send to the RPO by their 09/09 deadline.

Louis,

If this works for you, we've worked this out this way. CIU has a meeting/briefing from RAND, who we commissioned to look at going dark, on 9/3. I'd like to wait till past that meeting to complete the slide updates and get them to the Branch by noon 9/8 (probably on 9/5 provided Marcus is here to approve.) [redacted] has indicated that he ok with getting them on 9/9 which will give you time to review them before passing them on to him. Sound ok?

[redacted]
Here is the sample email to get accomplishment submissions. We should create a template similar to the SARs but listing the prongs. Let me know what you think:

OTD is actively pursuing the National Electronic Surveillance Strategy, commonly known as the 'Going Dark' initiative in an effort to maintain and advance electronic surveillance capabilities. The strategy consists of five prongs:

- 1) Modernization of Lawful Intercept (LI) Laws- Updating LI legislation, regulation, and assistance mandates
- 2) LI Authorities Enactment- Removing impediments to the FBI's ability to protect and share LI technical equipment and expertise
- 3) Enhanced LEA Coordination- Enhancing greater LEA LI mutual coordination/assistance
- 4) Greater Industry/LEA Cooperation- Expanding industry cooperation among LEAs on new and emerging technology issues/solutions
- 5) New Federal Resources- Seeking new Federal funding to bolster domestic LI capabilities

In this regard, [redacted]

[redacted] In an effort to provide data for this study and to ascertain progress towards implementation of the Strategy, the front office would like to collect any and all accomplishments made in connection with the five prongs listed above. This canvass is for accomplishments to date. Thereafter, accomplishments will be solicited on a monthly basis. It is expected that some of these accomplishments will be identical to those provided in the monthly significant accomplishment reports.

Some ideas of accomplishments would include:

- Training of State and local law enforcement
- Sharing of techniques and/or equipment with other agencies
- Budget requests to enhance or maintain capabilities

b2
b7E

- Liaison with industry concerning new and emerging services and technologies

Can you prepare an unclassified writeup on Going Dark for this year's OTD FY 2008 Annual Report? Do you have any graphics or pics? Save them as separate jpg, ppt, etc. files and send them as separate attachments. You can indicate in the write up where you want them placed and put their captions in, just don't embed them in the document. Is it possible that I could have it by Monday, Oct 6?

Call me if you have any quesitons or concerns. Congratulations on getting Going Dark in this year's report!!

Subject: OTD Significant Activity Report for September 2008 - DEADLINE NOON, FRIDAY, OCTOBER 10, 2008 - New Reporting Category for Going Dark Initiative

b6
b7C

UNCLASSIFIED
NON-RECORD

Good morning,

Please provide me with a consolidated Section-level approved monthly Significant Activity Report which contains your Section's top three (3) most significant activities for September 2008 by Noon, Friday, October 10, 2008. I would appreciate receiving one report for each Section that is inclusive of your unit-level activities. SRU and TMSU please submit significant unit level activities, if any, to me.

'Going Dark' Initiative Added to Template:

OTD is actively pursuing the National Electronic Surveillance Strategy, commonly known as the 'Going Dark' initiative in an effort to maintain and advance electronic surveillance capabilities. The front office would like to collect all accomplishments made in connection with the Going Dark Initiative five prongs listed below. Past accomplishments will be compiled by A/UC, CIU, [redacted]. Current and future accomplishments will be solicited along with your significant accomplishments on a monthly basis.

b6
b7C

The strategy consists of five prongs:

- 1) Modernization of Lawful Intercept (LI) Laws - Updating LI legislation, regulation, and assistance mandates
- 2) LI Authorities Enactment - Removing impediments to the FBI's ability to protect and share LI technical equipment and expertise
- 3) Enhanced LEA Coordination - Enhancing greater LEA LI mutual coordination/assistance
- 4) Greater Industry/LEA Cooperation - Expanding industry cooperation among LEAs on new and emerging technology issues/solutions
- 5) New Federal Resources - Seeking new Federal funding to bolster domestic LI capabilities

Some ideas for accomplishments would include:

- Training of State and local law enforcement

- Sharing of techniques and/or equipment with other agencies
- Budget requests to enhance or maintain capabilities
- Liaison with industry concerning new and emerging services and technologies

For your convenience, I have attached a template for you to use which showcases Field support, Headquarters support, Training, Liaison, Going Dark and Other. Be sure to use Word Perfect, Times New Roman, 12 pt. font and include portion markings. Please keep each individual significant activity to one paragraph in length if possible (3-4 sentences).

Your Section may not have a significant accomplishment in each category every month. It is your discretion to decide overall which **three (3)** accomplishments you choose to represent your Section each month. Going Dark is an exception - please include ALL Going Dark accomplishments in addition to your overall 3 Section-level accomplishments.

Thanking you in advance for your cooperation and assistance. If you have any questions, please do not hesitate to contact me.

Subject: OTD Significant Activity Report for November 2008 - DEADLINE NOON, WEDNESDAY, DECEMBER 3, 2008 - New Reporting Category for Going Dark Initiative

UNCLASSIFIED
NON-RECORD

Good afternoon,

Please provide me with a consolidated Section-level approved monthly Significant Activity Report which contains your Section's top three (3) most significant activities for November 2008 by Noon, Wednesday, December 3, 2008. I would appreciate receiving one report for each Section that is inclusive of your unit-level activities. SRU and TMSU please submit significant unit level activities, if any, to me.

Reminder - "Going Dark" Initiative Added to Template:

OTD is actively pursuing the National Electronic Surveillance Strategy, commonly known as the 'Going Dark' initiative in an effort to maintain and advance electronic surveillance capabilities. The front office would like to collect all accomplishments made in connection with the Going Dark Initiative five prongs listed below. Past accomplishments will be compiled by A/UC, CIU, [Redacted]. Current and future accomplishments will be solicited along with your significant accomplishments on a monthly basis.

The strategy consists of five prongs:

- 1) Modernization of Lawful Intercept (LI) Laws - Updating LI legislation, regulation, and assistance mandates
- 2) LI Authorities Enactment - Removing impediments to the FBI's ability to protect and share LI technical equipment and expertise
- 3) Enhanced LEA Coordination - Enhancing greater LEA LI mutual coordination/assistance
- 4) Greater Industry/LEA Cooperation - Expanding industry cooperation among LEAs on new and emerging technology issues/solutions
- 5) New Federal Resources - Seeking new Federal funding to bolster domestic LI capabilities

Some ideas for accomplishments would include:

- Training of State and local law enforcement
- Sharing of techniques and/or equipment with other agencies
- Budget requests to enhance or maintain capabilities
- Liaison with industry concerning new and emerging services and technologies

For your convenience, I have attached a template for you to use which showcases Field support, Headquarters support, Training, Liaison, Going Dark and Other. Be sure to use Word Perfect, Times New Roman, 12 pt. font and include portion markings. Please keep each individual significant activity to one paragraph in length if possible (3-4 sentences).

Your Section may not have a significant accomplishment in each category every month. It is your discretion to decide overall which three (3) accomplishments you choose to represent your Section each month. Going Dark is an exception - please include ALL Going Dark accomplishments in addition to your overall 3 Section-level accomplishments.

Thanking you in advance for your cooperation and assistance. If you have any questions, please do not hesitate to contact me.

What is the status of whether the Going Dark initiative includes lack of resources for digital forensics and counter-

encryption? At one point these were included as part of the initiative, but I note that the description below is entirely intercept centric.

**UNCLASSIFIED
NON-RECORD**

Good morning,

Please provide me with a consolidated Section-level approved monthly Significant Activity Report which contains your Section's top three (3) most significant activities for May 2009 by **COB, Wednesday, June 3, 2009**. I would appreciate receiving one report for each Section that is inclusive of your unit-level activities. SRU and TMSU please submit significant unit level activities, if any, to me.

For your convenience, I have attached a template for you to use which showcases Field support, Headquarters support, Training, Liaison, Going Dark and Other. Be sure to use Word Perfect, Times New Roman, 12 pt. font and include portion markings. Keep each individual significant activity to one paragraph in length if possible (3-4 sentences).

Your Section may not have a significant accomplishment in each category every month. It is your discretion to decide overall which **three (3)** accomplishments you choose to represent your Section each month. Going Dark is an exception - please include **ALL** Going Dark accomplishments in addition to your overall 3 Section-level accomplishments.

Thanking you in advance for your cooperation and assistance. If you have any questions, please do not hesitate to contact me.

PMs (particularly [Redacted] and [Redacted],

Please just take a look at the "Going Dark" categories/examples below. We're required to report on these, and we do so in the monthly SARs. I'm usually aware of any cases where we work with local law enforcement/other agencies, but

[Redacted] please note such in KMS and also let me know. (This doesn't include passive viewing/collection of web site material.) Thanks.

Reminder - "Going Dark" Initiative Added to Template:

// FOUO
OTD is actively pursuing the National Electronic Surveillance Strategy, commonly known as the 'Going Dark' initiative in an effort to maintain and advance electronic surveillance capabilities. The front office would like to collect all accomplishments made in connection with the Going Dark initiative five prongs listed below. Past accomplishments will be compiled by A/JUC, CIU, [Redacted]. Current and future accomplishments will be solicited along with your significant accomplishments on a monthly basis.

b6
b7C

// FOUO
The strategy consists of five prongs:

- u 1) Modernization of Lawful Intercept (LI) Laws - Updating LI legislation, regulation, and assistance mandates
- u 2) LI Authorities Enactment - Removing impediments to the FBI's ability to protect and share LI technical equipment and expertise
- u 3) Enhanced LEA Coordination - Enhancing greater LEA LI mutual coordination/assistance
- u 4) Greater Industry/LEA Cooperation - Expanding industry cooperation among LEAs on new and emerging technology issues/solutions
- u 5) New Federal Resources - Seeking new Federal funding to bolster domestic LI capabilities

Some ideas for accomplishments would include:

- u • Training of State and local law enforcement
- u • Sharing of techniques and/or equipment with other agencies
- u • Budget requests to enhance or maintain capabilities

BG;

My plan is to use him for a very limited number of hours just to make sure we do not stray from the work that has and is being done for the Going Dark project. I spoke to Tony and got approval from [redacted] to allow him to charge his time used to the project.

Is this OK or do we need to do something else?

Tony,

I requested TICTU's SSAs and Program Managers to read and provide input to the "Going Dark" whitepaper. The team overall believe that the whitepaper had validity and provided a good overview from past to present challenges. There seemed to be consensus that the issues related more to packet data intercepts, than voice based telecommunications intercepts, as mentioned on page 11 of this write-up. However, understanding the industry trend, this can and will be a futuristic programmatic concern for TICTU.

The team agreed that a move in the right direction is with the five-pronged National LI Strategy.

- Modernization of LI LAWS-
- LI Authorities Enactment-
- Enhanced LEA Coordination
- Greater Industry/LEA Cooperation

- New Federal Resources

If additional information is required, please advise.

Please provide your response for the October Significant Activity Report to me by **NOON, MONDAY, NOVEMBER 3, 2008**. Please **NOTE** the 'Going Dark' Initiative has been added to the template and will now be reported in each month's submission. Please read the following information carefully and include along with your monthly significant accomplishments.

'Going Dark' Initiative Added to Template:

OTD is actively pursuing the National Electronic Surveillance Strategy, commonly known as the 'Going Dark' initiative in an effort to maintain and advance electronic surveillance capabilities. The front office would like to collect all accomplishments made in connection with the Going Dark Initiative five prongs listed below. Past accomplishments will be compiled by A/UC, CIU, [redacted]. Current and future accomplishments will be solicited along with your significant accomplishments on a monthly basis.

b6
b7C

The strategy consists of five prongs:

- 1) Modernization of Lawful Intercept (LI) Laws - Updating LI legislation, regulation, and assistance mandates
- 2) LI Authorities Enactment - Removing impediments to the FBI's ability to protect and share LI technical equipment and expertise
- 3) Enhanced LEA Coordination - Enhancing greater LEA LI mutual coordination/assistance
- 4) Greater Industry/LEA Cooperation - Expanding industry cooperation among LEAs on new and emerging technology issues/solutions
- 5) New Federal Resources - Seeking new Federal funding to bolster domestic LI capabilities

Some ideas for accomplishments would include:

- Training of State and local law enforcement
- Sharing of techniques and/or equipment with other agencies
- Budget requests to enhance or maintain capabilities
- Liaison with industry concerning new and emerging services and technologies

For your convenience, attached is a template which showcases Field support, Headquarters support, Training, Liaison, Going Dark and Other. Be sure to use Word Perfect, Times New Roman, 12 pt. font and include portion markings. Please keep each individual significant activity to one paragraph in length if possible (3-4 sentences).

Feel free to contact me with any questions.
